In re Patent No. 6,759,014	:	
Dales et al.	:	DECISION ON REQUEST FOR
Application No. 09/772,101	:	RECONSIDERATION OF
Filed: January 26, 2001	:	PATENT TERM ADJUSTMENT
Atty Docket No. SMX 3104	:	and
(2000-108)	:	NOTICE OF INTENT TO ISSUE
	:	CERTIFICATE OF CORRECTION

This is a decision on the "APPLICATION FOR PATENT TERM ADJUSTMENT UNDER 37 CFR 1.705(d)," filed July 14, 2004. Patentees request that the patent term adjustment indicated in the Issue Notification (and on the patent) be corrected from six hundred fifty-four (654) days to seven hundred nine (709) days.

The request for reconsideration of the patent term adjustment under § 1.705(d) is **GRANTED**.

The patent term adjustment indicated in the patent is to be corrected by issuance of a certificate of correction showing a Patent Term Adjustment of **seven hundred nine (709)** days.

On July 6, 2004, the above-identified application matured into U.S. Patent No. 6,759,014, with a revised Patent Term Adjustment of 654 days. The instant request for reconsideration filed July 14, 2004 was timely filed within 2 months of the date the patent issued. See § 1.705(d). Patentees dispute the reduction of 55 days associated with the "miscellaneous incoming letter" received May 13, 2004. Patentees contend that this paper, an

election, although submitted after the mailing of the notice of allowance, was not a failure to engage in reasonable efforts to engage because it was filed in response to a request by the examiner made in the notice of allowance.

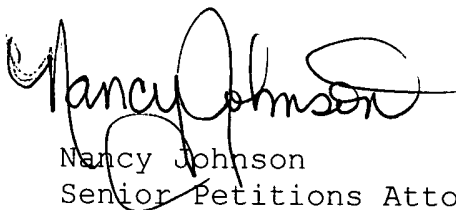

The facts and the circumstances of the filing of the election have been considered, and it is determined that under the circumstances the reduction of 55 days is not warranted. The record supports a conclusion that on March 4, 2004 the date of mailing of the notice of allowance applicants made a provisional election by telephone to the examiner. The examiner requested affirmation of the election in reply to the notice of allowance. Accordingly, the reduction of 55 days is being removed.

In view thereof, the patent term adjustment indicated in the patent should be seven hundred nine (709) days.

The Office acknowledges submission of the \$200 fee set forth in 37 CFR 1.18(e). No additional fees are required.

The application file is being forwarded to the Certificates of Correction Branch for issuance of a certificate of correction in order to rectify this error. The Office will issue a certificate of correction indicating that the term of the above-identified patent is extended or adjusted by seven hundred nine (709) days.

Telephone inquiries specific to this matter should be directed to the undersigned at (571) 272-3219.
